Geo M. Bacon, State Engineer  
Salt Lake City, Utah

RE: BOWL CREEK

Dear Sir:-

With reference to yours of Feb. 10, I think if we allow for 10 trips of 24 miles to the round trip, which will make 240 miles in all at 12 cents per mile total \$28.80. And the services of a commissioner for 10 days at \$5.00 per day total \$50.00 making a grand total of \$78.80, I hope this will meet with the requirements necessary to the appointment of our Commissioner.

Yours very truly

*Mrs. G. J. Denny*  
*Moab Utah.*
